MEMORANDUM FOR DIRECTOR, OFFICE OF LEGISLATIVE LIAISON
CENTRAL INTELLIGENCE AGENCY

SUBJECT: Draft Amendment to the FY 1985 Intelligence Authorization Bill

By Office of Legislative Liaison letter of March 30, the views of the Department of Defense were sought on a proposed amendment to subject bill that would,

1. Require that numbers, status, privileges and immunities, etc., within the U.S. of official representatives of foreign governments that engage in intelligence activities within the U.S. harmful to the national security should not exceed the same number, etc., within such countries of official representatives of the U.S.

2. Require that the number of foreign diplomats in the U.S. granted diplomatic immunity not exceed the number of U.S. nationals granted similar status within the country of any foreign government determined by the President to be engaged in intelligence activities within the U.S. harmful to the national security of the U.S.

3. Strike a requirement restricting the Director of the Office of Foreign Missions to an individual with 10 years as a member of the Foreign Service and other related qualifications.

The Department of Defense concurs in the proposed amendment to the FY 1985 Intelligence Authorization Bill.
